To the Office:

Applicant's attorneys filed a paper on May 1, 2007 as a response to a Final Office Action mailed by the Office on April 5, 2007. On June 6, 2007 the Office issued an Advisory Action alleging that the amendments presented in the May 1, 2007 response were not entered because they did not place the application in condition for allowance. As such, at the preparation of this preliminary amendment for a Request for Continued Examination, 41-54 and 56-67 are pending in the condition prior to May 1, 2007. The applicant requests the Office to disregard the May 1, 2007 submission and to not enter those amendments into the record. The Office has set forth rejections for claims 41, 47-50, 52, 56, 57, 63, 64 and 66. The Office also sets forth objections to the remaining claims, namely claims 42-56, 58-62, 65 and 67.
